Lee Homemakers Meet With Mrs. Easters

The home of Mrs. Eva Easters was the scene of the May meeting of the Lee Homemakers' Club. Mrs. Curtis Fuller was co-hostess with Mrs. Easters. Mrs. W. B. Westbrook president, presided and Mrs. M. C. Boutwell was welcomed as a visitor. Devotion was given by Mrs. Easters and Mrs. W B. Westbrook led in pray-

The hymn, "He Keeps Me Singing," was sung by the group. Following the pledge of allegiance to the flag ceremony, the roll was called and the minutes of the last meeting were read by Mrs. Price Ringo, the secretary. Mrs. Westbrook conducted a business session and officers for the new year were elected. Mrs. J. D. Whitman gave the lesson on "Vegetables

and Fruits and How and When to Serve Them." At the close of the meeting a party plate was served to the sixteen members who were present and the visitors.

IN THE CHURCH OF YOUR CHOICE

often the afternoon on our honeymoon when Jim and I visited these old cliff dwellings in Colorado. Later, we stopped at a mission church built of pink adobe. It was dark and cool inside, and you felt that many prayers had been said here, and many answered.

I thought of our own church back home white frame, in a green New England valley. I was reared in that church, I was married n it, and you'll find Jim and me at worship in it each Sunday. It's a vital part of our life.

Unless you have a church that is vital to your life, you are missing something irreplaceable. Don't wait any longer. Select the Church of your choice - and start attending it this

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reason why every person should attend service regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of hi

moral and material support. Plar to go

to church regularly and read you Bibl

There is no doubt, though, about the damage that leafspot is already doing. I saw evidence of this on the farms of O. V. Rhoades, Herber Clark, Marion Sanders, Rowe Bowers and others. Leafspot is a disease caused by a fungus. The microscopic spores land on peanut leaves, and over a period of several days the leaves become mottled and spotted and fall Champion in the Coffee County 4-H Market Hog Show. Reserved Champion went to Donnie Parrish, Mt. Pleasant 4-H'er. In the lightweight class, Danny Sherrer, Mt. Pleasant, first; Terry Wise, Kinston, Monday, I spoke to the Elba Rotary Club on agrisecond; and Third was Danny Sherrer. In the heavyweight class, 1st place went to Brent Bedsole; second culture in Coffee County I place to Donnie Parrish; and third place went to Terry told the Rotarians that Wise. one gallon of water - dilute

With Ferrin Cox

For those of you who like eating good food as much as I do, here is the latest word on "The World's Best Hotdog." According to Southern Scene, the magazine published by Southern Airways for the benefit of their flying passengers, it is in Headland, Alabama! Thumbing through the latest edition recently, I scanned, curious about what far away place they were suggesting we fly, the first paragraph of the article and was startled to see them tooting Edd's Place in little old Headland. The secret of his selling as many as 4,000 hotdogs a day in a town of 2,500 and off the beaten path is reported to be the special (secret) sauce used. I plan to try them some day and would like to know if anyone else can give me a first hand report.

Before we get away from food (and my expanding waistline) some special thanks are in order. Two friends have recently given Heddy and me large messes of fish--already dressed! Now that is good friends to catch and dress them before presenting. Leroy Miller called one Saturday afternoon recently and said come get a mess. Of course Leroy said he caught the big ones and Ned Young caught all the little ones... Well, anyway thanks. Then last week I was mowing the grass when my neighbor, Shorty Martin, came to the fence with a pan of freshly dressed fished and ask IF-I wanted them and you know I gave him back his pan without even washing it!

Recently talked to Robert Cannon about the decision of his wife Joanne asking not to be reappointed to the Elba City School Board for a full term. She has just completed serving a three year appointment to an unexpired term created by a resignation. Several members of the school board have expressed dis-

appointment with her decision, feeling she would continue to be a valuable member of the school board. It is my opinion she wen't likely change her mind.

Church has donated \$10,000 to the Angela Davis fund. She preaches a Communist philosophy and advocates violance to obtain her goals. Whatever connection she had or did not have with killing the judge and three others in California last year is for the criminal courts to decide and is not a social issue that will create constructive communication with youth that are thumbing their noses at religion.

The Elba Piggly Wiggly bosses have decided to try getting by without their weekly grocery adin this newspaper. They are experimenting with just using their weekly direct mail circular. We are all suffering from increasing cost of doing business and the recent mail rate increase hurts us all. However, this action reminds me of a little story understandable to all who have ever hung a mule collar on a high peg against the corn crib.

The story tells of the farmer suffering from high cost and low prices. He decided to cut down on the feed for his lone mule. The first week he cut a little feed and couldn't tell any difference. The next week he cut the feed a little more. His mule lost a little weight but still did his work so the third week he cut the feed a little more. Now the old mule began to look pretty bad but he still did his work which meant the old farmer cut the feed some more. This slowed the mule some but not much. Well, after several weeks of this the farmer cut out the feed all together and needless to say the mule died, but look at the feed the man saved.' This is not to imply a store will go broke if it doesn't advertise in the Elba Clipper nor to wish the Piggly Wiggly bad luck, but we hope the experiment ends soon and our readers again see the weekly grocery ads.

The Alabama Press Association has been invited to hold an annual summer convention at Disney World in Florida. Often I get the impression the summer meetings of the group are just play times and therefore, I never attend them. However, if this materializes next summer, my family and I will be on the front row if possible. All of us want to go there and I might even get the chance to deduct my fourth of the expenses from income taxes!

The Belton, Texas, Journal has come up with a good suggestion, even from a newspaper! They suggest the Paris Peace Talks be moved to the DMZ in Vietnam with obvious advantages. "If you were stationed in Paris, with all expenses paid, would you be in a hurry? On the other hand, if the negotiators from both sides were sitting out there in the middle of things, somehow the talks would be accelerated. Not everything could be settled at once, but it is a safe guess that a cease-fire could be arranged rather promptly."

I got another parking ticket here Monday. Later in the day Officer Chancellor was issuing another car a ticket and I said something about someone besides me getting them. (I was smiling real big) He asked me if I was ready for them to be taken out now and my answer was no.True, I get one most every week but before the meters, parking spaces on the square were abused. Now the abusers have moved somewhere else and us lazy folks park closer to the business we are

attempting to enter.
